

Digital Partners Network Appoints Group CEO, Rolls Out Full-Fledged Financial Services Offering

- Darryl Sim is appointed as Group CEO, based in Mauritius
- DPN sets itself up as a full-fledged financial services provider, with specialisation in FinTech, Blockchain and Artificial Intelligence (AI)

Mauritius, 24 March 2022 – Digital Partners Network (DPN), a leading group of professional, legal and financial services firms set up in Mauritius to meet the demands of disruptive businesses, is pleased to announce the appointment of Darryl Sim as its Group CEO, ably helping the expanded services structure of this full-fledged financial services provider.

Darryl Sim comes on board with a wealth of experience in the financial services space in Mauritius, having headed fund services at one of the leading management companies in Mauritius and also having served as a director on the board of several investment funds and multinational-owned companies. Overall, he counts a decade and a half of experience in the Mauritian financial services sector, with specialisation in corporate and fund administration, fund investor services, and capital markets. Darryl holds a Masters (with Merit) in Finance, Accounting and Management from the University of Bradford, a BSc (Hons) in Accounting and Finance from Warwick Business School and a Professional Diploma in Management Accounting from the Chartered Institute of Management Accountants.

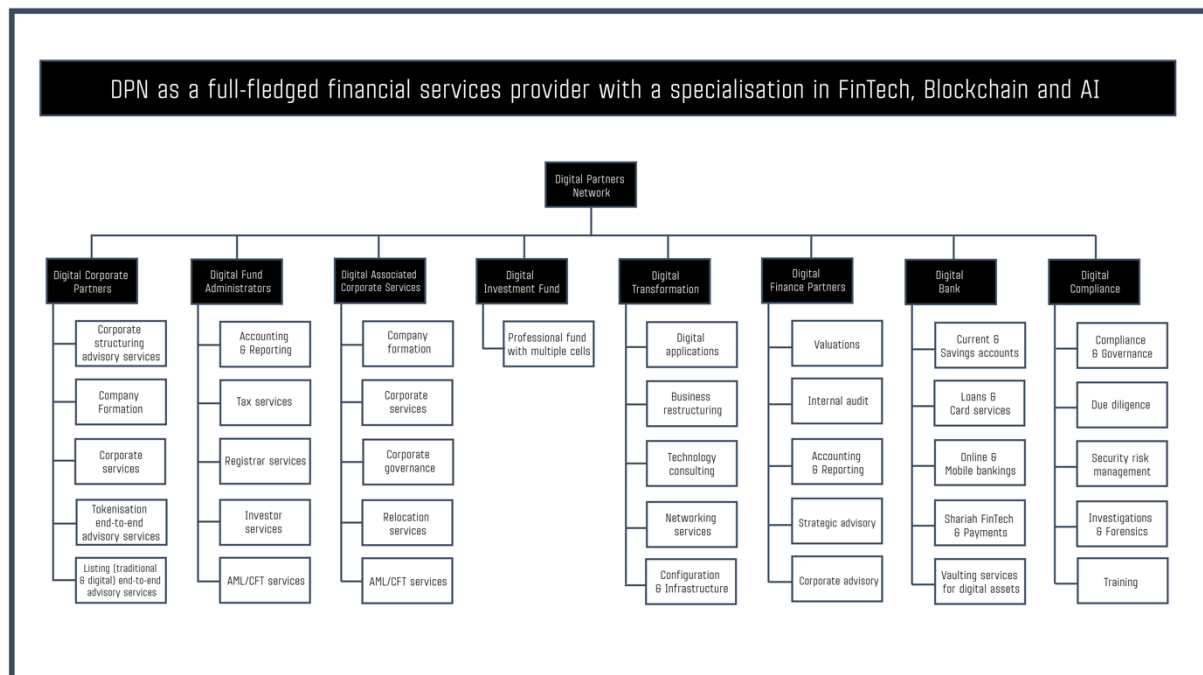

Jessica Naga, co-founder and managing partner at DPN, commented, *"It is with great pleasure that we welcome Darryl as the Group CEO of DPN. He comes in with a wealth of experience in the financial services and offshore sector. What makes Darryl most suited for this position is his special interest and aptitude for technology, FinTech and innovation in general."*

Darryl Sim, Group CEO, DPN, said: *"I am thrilled to be joining DPN and leading this innovative organisation into its new innings as a full-fledged financial services provider. DPN has a disruptive business model and forward-thinking mindset which makes it uniquely positioned to meet the demands for digital business enablement across every industry."*

DPN is unveiling an expanded services structure under the leadership of its new Group CEO. It shall encompass all financial services sectors, across corporate or strategic advisory, company formation, listing, tokenisation, fund administration, digital transformation, digital banking and digital compliance (*in-depth service lines are provided in the infographic below for ease of reference*).

As Mauritius deepens its foray into the digital financial services domain with innovative and pioneering legislations for the region such as Virtual Assets and Initial Token Offering Services Act 2021, which came into force in February 2022,

pan-African operators such as DPN are the need of the hour to help the island economy realise its destiny as the FinTech Hub of Africa.
